OBJECTIVE AND GOALS OF PRE-PRIMARY CLASSES

Introduction :

The children of the world are innocent and dependent. They are also curious, active and full of hope. Their time should be one of joy, peace, playing, learning and growing. Their future should be shaped in harmony and co-operation. Their lives should be shaped, as they broaden their perspectives and gain new experiences. These experiences can bring a total development of the child socially, physically, intellectually, culturally and emotionally.

1. Social Development :

- a) The children will be encouraged to learn sharing and to socialize by participating in various group activities
- b) To accept the group
- c) Learn manners
- d) To work and play both individually and in groups

2. Physical Development :

- a) To enable the child to be involved in activities which will help him to develop motor skills
- b) To know the parts of the body
- c) To enable him to enjoy both indoor and outdoor activities

3. Intellectual Development :

- a) The child will be encouraged to perform simple skills
- b) To transfer the knowledge into action
